IV. EVALUATION AND QUALIFICATION CRITERIA AND SELECTION PROCESS

A. Objective

The LHC's objective in soliciting proposals is to enable it to select a Financial Advisor that will provide high quality and cost effective services to LHC and to the benefit of the citizens of the State of Louisiana. The LHC will consider proposals that, in its sole judgment, have demonstrated the capability and willingness to provide high quality services to the LHC and citizens of the State of Louisiana in the manner described in this RFP.

B. Preliminary Review

Each proposal will be preliminary reviewed for compliance with the qualifications and requirements set forth in this RFP. Failure to meet these qualifications and requirements will cause the proposal to be eliminated from further consideration.

C. Evaluation Process

The Review Committee, as designated by the Executive Director, will score each written proposal. The highest 3 scoring proposers may be asked to provide clarification on proposed cost/services, may be invited to make oral presentations to the Corporation and to answer any questions.

No preliminary conclusions or results will be given out to proposers until the Corporation has completed the entire evaluation process and the formal announcement of the selected proposer has been made.

D. Evaluation/Qualification Criteria

Proposals will be evaluated by the Review Committee based on the criteria detailed in this section. In preparing to submit a response, it is important for proposers to clearly demonstrate their expertise in the areas described in this RFP.

The Review Committee will generally use the following criteria to evaluate all acceptable proposals and to develop recommendations to be presented to the Executive Director.

1. Experience performing financial advisory services for various types of organizations, including, in particular, state housing finance agencies, other governmental agencies, non-profit organizations or other similar organizations.
2. Qualifications of the staff to be assigned to the financial advisory services.
3. Responsiveness of written proposals to the purpose and scope of services to be performed.

4. Responsiveness and reasonableness of proposed pricing structure.

Proposers are encouraged to identify and clearly label in their proposal how each qualification is being fully addressed. Evaluation of responses to this RFP will be based only on the information provided in the proposal, and if applicable, interviews and reference responses. LHC reserves the right to request additional information or documentation from the firm regarding its proposal, personnel, financial viability, or other items in order to complete the selection process. If a responding firm chooses to provide additional materials in their proposal beyond those requested, those materials should be identified as such and included in a separate section of the proposal.

The following Qualification Criteria with a point system of relative importance with aggregate total of (100) points will be utilized to evaluate the qualifications of each proposer.

1. PROPOSER QUALIFICATIONS AND STAFFING (50 POINTS)

The Review Committee will consider qualifications and experience level of the firm, as well as its individual staff members, in performing financial advisory work. This will be based upon the information contained in the proposal and upon information obtained from references for comparable past work of assigned personnel.

2. WORK MANAGEMENT PLAN (30 POINTS)

The Review Committee will consider whether the work management plan demonstrates a thorough understanding of the LHC's present economic and financial condition and accurately reflects the work that must be performed by a financial advisor in order to meet the LHC's objectives.

3. COST PROPOSAL (20 POINTS)

The Review Committee will consider the Cost Proposal and the rationale provided by the proposer for determining a reasonable financial advisor fee. The Cost Proposal must provide both an hourly rate fee schedule for all general services and a separate fee and expense proposal for transactional related work products and any other categories the proposer feels maybe missing from the scope of services.

E. Oral Presentations and Final Scoring

If the Review Committee extends invitations for oral presentations, the proposers selected for final evaluation will be expected to accept the invitation and make oral presentation to the Corporation. Proposers may be asked to provide clarification on corporate background and experience; proposed staff's experience; research and technical support capabilities and staffing; pending investigations and lawsuits; financial position and activities; views on market trends,

etc. Proposers are reminded that any oral commitments or representations made during these presentations that extend beyond the written representations in the proposal document may be formally recorded in the contract.

If oral presentations are conducted, those presentations will be graded by a team selected at the discretion of the Executive Director separate from the previously submitted written proposals on the basis of information obtained from the proposers' oral presentations and references with a maximum point value of 20 points being awarded, for a final possible score of **(120) points**. The final score will be the sum of the score received from both the written submission packet and the oral presentation, if any.

F. Final Selection

Upon final approval a selected Financial Advisor, a formal announcement of the selected firm will be made, and all proposers will be notified. Contract negotiations should begin by the date listed in Section I(D), above.
