BUDGET AND FINANCE COMMITTEE CHAIRMAN’S REPORT

BFC Chairman Williams welcomed and thanked everyone for attending the Budget and Finance Committee Meeting, and commended the LHC Staff for the exemplary work done on completing the Fiscal Year 2025 LHC Operating Budget.

AGENDA ITEM #5 – LHC FY 2025-2026 OPERATING BUDGET

Next item discussed was regarding the LHC Operating Budget for Fiscal Year 2025-2026.

The matter as introduced by Secretary Brooks.

Additional information was provided by LHC Executive Director Kevin J. Delahoussaye, including advising the Board of the recent resignation of LHC CFO Steven Palazzo; he

thanked the LHC Accounting Department for their hard work and diligence in the preparations of the LHC Financial Reports and the LHC FY26 Operating Budget.

Additionally, ED Delahoussaye noted that LHC has reduced the budget for training and travel by utilizing more virtual meetings initiatives; noted that the overall building expenses had been reduced given all-staff had been relocated and housed in the Quail Drive Building; advised that the Industriplex Drive Building was for sale and had a potential buyer – and that LHC would retain any capital gains but the original funds would revert back to the Petroleum Trust Funds; and that the Professional Services budget would be reduced as more tasks would be accomplished in-house instead of contracting with external vendors.

There was additional discussion on the Industriplex Drive Building. ED Delahoussaye noted that there were still current expenses as related to electricity and insurance.

Board Member Jennifer Vidrine noted the importance of the Weatherization Training Facility within the Industriplex Drive Building, and suggested donating such to a Community Action Agency.

ED Delahoussaye noted State prohibitions on “donations”, and that the Weatherization Training Program lost money over past year due to lack of any training events given most private entities had their own internal WTPs.

Board Member Vidrine advocated that LHC was not in operation solely “to make money”, but was missioned to fiscally “serve the people”.

ED Delahoussaye also noted that the WTF equipment had been sold, and that the sale of property had been duly and properly noticed; and that the property had been appraised at \$1.7M – and has originally been purchased for \$1.23M.
