NOTICE OF FUNDING AVAILABILITY

LOUISIANA NEIGHBORHOOD LANDLORD RENTAL PROGRAM

RELEASE DATE: May 15, 2017

The purposes of the Louisiana Neighborhood Landlord Rental Program ("**LNRP Initiative**") are:

- To repair damaged housing stock in Eligible Parishes that will be made available at affordable rents for households at or below eighty percent (80%) or area median income ("**AMI**");
- To produce affordable residential rental housing units outside of a Special Flood Hazard Area ("**SFHA**");
- To revitalize communities damaged by the Great Floods of 2016 by eliminating the blight of vacant properties in order to increase the availability of affordable rental housing for households at or below eighty percent (80%) AMI; and
- To implement the LNRP Initiative in a manner that (i) engages Lenders who commit to new construction and/or renovation financing for residential rental properties located in Eligible Parishes, (ii) is most efficient and cost-effective throughout the Eligible Parishes, and (iii) is low-risk to developers ("**Eligible Borrowers**") who submit Applications thereby ensuring that the budgeted Take-out Funds for residential rental housing units under the LNRP Initiative construct and repair the maximum number of affordable residential rental housing properties in one of the FEMA Disaster Declared Parishes or one of the HUD Designated Most Impacted Parishes ("**Eligible Parishes**") as a result of the Great Floods of 2016; provided that properties located in HUD Designated Most Impacted Parishes ("**Priority Eligible Parishes**") will receive priority awards of Take-out Funds.

LNRP Initiative For Qualified Projects

Under the LNRP Initiative, the Louisiana Housing Corporation (“LHC”) will accept an application (“Application”) from an Eligible Borrower who will construct new residential rental housing units (“New Units”) or will renovate vacant residential rental housing units (“Existing Units”) in a project that will not exceed seven (7) residential housing units (“Qualified Project”).

Construction Loan from Lender or Funding Directly by Eligible Borrower

An Eligible Applicant either must partner with a pre-qualified commercial lender (“Lender”) that provides the Applicant a firm commitment which will be included in the Application to provide the Eligible Applicant mortgage lien construction financing (“Construction Loan”) of a Qualified Project or must fully fund all development costs of the Qualified Project with the Applicant’s own funds.

Eligible Applicant

An Eligible Applicant may be one of the following entities:

- Community Housing Development Organization (“CHDO”)
- 501(c)(3) or 501(c)(4) Not-For-Profit Organization (“NPO”)
- Local Public Housing Authority (“PHA”)
- A local development agency (“LDA”) that is not a parish or municipality
- A private for-profit property owner (“Residential Rental Property Owner”)

Geographic Location of Qualified Project

The Qualified Project must be located in one of the FEMA Disaster Declared Parishes or one of the HUD Designated Most Impacted Parishes (“Eligible Parish”) as a result of the March 2016 and August 2016 Severe Storms and Flooding.

New Construction Financing Available Only to Nonprofit Applicants

Applications involving the construction of New Units may only be submitted by an Eligible Applicant which is a CHDO or NPO.

Qualified Project Ownership Requirements by Eligible Applicants

Nonprofit Ownership at Application Submission: Qualified Projects submitted by an Eligible Applicant which is a CHDO or NPO must be owned as of the date that an Application is submitted (“Application Date”) by the CHDO, LDA or NPO.

Ownership of Qualified Project by Eligible Applicant Other Than Nonprofit: Qualified Projects submitted by Eligible Applicants that are neither a CHDO nor a NPO must have been owned by such Applicant prior to the Great Floods of 2016 based upon the parish affected by one or both of the floods identified by DR-4263 or DR-4277 in which FEMA Individual Assistance was approved as follows:

- (i) DR-4263: March 08, 2016
- (ii) DR-4277: August 11, 2016

Construction Standards

All construction must comply with Louisiana State Uniform Construction Code (LSUCC), local planning and zoning, and local authorities and jurisdictions. Federal regulations which may pertain to the specific project such as the Fair Housing and Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990, as amended, also apply. LHC strongly encourages that the 2010 ADA/ABA standard be used when designing accessible units and public facilities.

Occupancy and Set Aside Unit Requirements During Period of Affordability

1. Occupancy Requirements for Completed Units: All residential housing units following completion must be occupied by households (“**Qualified Households**”) at or below eighty percent (“80%”) of area median income (“**AMI**”).
2. Affordability Period and Set-Aside Units: For Qualified Projects with more than four residential housing units, the LNRP Initiative will require a specified number of set aside units (“**Set-aside Units**”) to be occupied by Qualified Households with lower household incomes based upon the number of residential housing units in a Qualified Project and for an Affordability Period as specified below:

Residential Housing Units	Qualified Household Incomes	Set-Aside Units	Affordability Period
4 or fewer units	80% AMI and below	None	five (5) years
5 units	80% AMI and below	One (1) for 50% AMI Household	five (5) years
6 units	80% AMI and below	Two (2) for 50% AMI Household	five (5) years
7 units	80% AMI and below	Three (3) for 50% AMI Household	five (5) years

Listing of Qualified Projects on LHC Website

Eligible Borrowers must list each Qualified Project on the LHC search website at: LaHousingSearch.org.

Cross-Cutting Federal Requirements

All Qualified Projects will be subject to CDBG Federal Grant Requirements referenced in the Neighborhood Landlord Rental Program Regulatory Agreement (“**LNRP Regulatory Agreement**”) required to be filed as of record as a covenant running with the land for all Qualified Projects financed under the LNRP Initiative. The LNRP Regulatory Agreement will be enforceable against the Eligible Borrower and its successors and assigns during the Affordability Period. Included among the CDBG Federal Grant Requirements are compliance requirements with Section 504 of the Rehabilitation Act of 1973, Fair Housing Act (42 U.S.C. 3601-19) and implementing regulations; and the regulations at 24 CFR Part 107 (Equal Opportunity in Housing); and Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) (Nondiscrimination in Federally Assisted Programs).

Lender Construction Loan Terms

A Lender’s Construction Loan may accrue interest at a not-to-exceed rate of interest required by the Lender and as approved by the LHC during construction. A Lender’s Construction Loan must provide that:

- (i) the construction of a New Unit or the renovation of an Existing Unit will be completed within a not-to-exceed fixed budget containing all not-to-exceed closing fees and closing costs approved by the Lender and the LHC (the “**Approved Budget**”) and
- (ii) the construction must be completed by a not-later-than completion date (“**Completion Date**”) approved by the LHC and the Lender. This completion date should be included in the construction quote and/or contract.

A Construction Loan must be structured with a promissory note (“**Construction Note**”) secured by a mortgage (“**Construction Mortgage**”) that will be negotiated and assigned by the Construction Lender to the “**LOUISIANA HOUSING CORPORATION**” following completion of construction or renovation of a residential housing unit and upon receipt by the Lender of a guaranteed payment (“**Take-out Commitment**”) by the LHC. If the Lender does not utilize the LHC prescribed construction loan documents, a separate LHC promissory note, mortgage, loan agreement and associated documents will be utilized for the Permanent Loan, which will be executed simultaneously at the construction loan closing by the Lenders closing agent. All recorded construction mortgages and LHC closing documents

will be recorded against subject property at said closing. Closing costs advanced from Construction Loan should include costs associated with the LHC loan, including a lender's policy of title insurance.

Timing of Take-Out Assistance to Lender

Upon the Borrower satisfying the terms of LHC's loan agreement, all advances by the Construction Lender on the Construction Loan will be paid by the LHC to the date the Take-out Assistance is paid to the Lender ("**Conversion Date**"). Take-out Assistance shall include the aggregate advances for eligible costs on a Construction loan plus unpaid accrued interest to the Conversion Date.

Effect of Lien Position of Permanent Loan on Conversion Date

Permanent Loan in Senior Lien Position: If the Permanent Loan is in the senior lien position, the Conversion Date will be the later of (i) the date a certificate of occupancy of the Qualified Project is delivered to the Construction Lender and the LHC and (ii) the date the Construction Lender receives payment in full pursuant to the Take-out Commitment. Occupancy by a Qualified Household must occur not later than 90 days from the Conversion Date.

Permanent Loan in Subordinate Lien Position: If the Permanent Loan is subordinate to a third party permanent lien lender, the Conversion Date will be delayed until all residential rental units in the Qualified Project is occupied by a Qualified Household.

Recourse Requirements and Guarantee by Principals of Eligible Borrowers

Construction Loans must be full recourse against Eligible Applicants and must be further guaranteed by Principals of an Eligible Applicant having a twenty percent (20%) ownership interest or more in the Eligible Applicant.

Cross Defaults of Multiple Qualified Project During Affordability Periods

An Eligible Borrower owning two or more Qualified Projects will be required to cross default all Qualified Projects only during the Affordability Periods for each of the multiple Qualified Projects. Cross defaults will not be activated any Qualified Project prior to the Conversion Date of that Qualified Project.

Senior Lien Financing Limitations

Seller Financing to Nonprofits: Seller financing evidenced in an Application submitted by a CHDO, LDA or NPO may only be provided by a local redevelopment authority or another instrumentality of government.

Net Asset and Liquidity Requirements Related to Liens Senior to Permanent Loan: If the LHC's Permanent Loan is to be subordinate to a Senior Loan, the Eligible Borrower and its Principals must submit financial information satisfactory to the LHC evidencing net assets and liquidity as follows:

- Aggregate Net Worth: $\geq 110\%$ of Take-out Commitment
- Financial Liquidity: $\geq 20\%$ of Take-out Commitment

Construction Contractor and Fixed Price Construction Contract

Applicants must submit with each Application a fixed price construction contract (“**Construction Contract**”) with a Louisiana licensed contractor (“**Contractor**”) who will construct New Units or renovate Existing Units in a Qualified Project at a not-to-exceed fixed contract price. A construction contingency of not more than 10% (“**Contingency**”) may be included in each Approved Budget but such Contingency may not be used during construction or renovation without the express written approval of the Lender and the LHC.

Construction Monitoring by Lenders, Oversight and Progress Payments: Monitoring of construction progress will be the responsibility of the Lender providing the Construction Loan. All construction progress payments by the Lender or the Eligible Borrower to the Contractor may be monitored by the LHC on a prescribed requisition form approved by the Lender and the LHC. All construction progress payments to Contractor must be supported with back-up invoices and receipts. Lender will be required to certify actual costs paid by the Construction Lender with respect to advances to the Eligible Borrower.

Take-Out Commitment Funding Source

The funding source of the Take-out Commitment by the LHC on the Conversion Date will be up to \$36 million of Community Development Block Grant Funds (“**CDBG Funds**”) made available to LHC by OCD.

Terms of Construction Loan and Conversion to Permanent Loan When Assigned to LHC

Prior to the Conversion Date, the terms of the Construction Loan will correspond to the terms requirements specified by the Lender. The Construction Loan will either be assigned to the LHC on the Conversion Date and convert to a permanent loan (“**Permanent Loan**”) or shall be paid off or paid down on the Conversion Date under separate LHC loan documents, if the Lender has not utilized LHC prescribed construction loan documents. On and after the Conversion Date, the terms of the Permanent Loan will correspond to the requirements of the LHC. Whichever form of LHC loan agreement is utilized, the Permanent Loan will mature not later than five (5) years following the Conversion Date.

Loan-to-Value Limits

The Construction Loan is not required to have a first mortgage lien position; however, the appraised value of the property post-completion may not be less than the combined loan-to-value of the Permanent Loan plus any loan with a lien senior to the Permanent Loan as of the Conversion Date.

Terms of Permanent Loan – Payment Only Upon Default

The Permanent Loan will not bear interest and will be subject to principal payments only upon a determination that the Eligible Borrower failed to maintain the property financed by the Permanent Loan as a Qualified Project or that there is a default under the Permanent Loan Document that cannot be or is not cured following notice of default. If the residential rental units in a Qualified Project remain affordable during the applicable Affordability Period and if there has been no default findings by the LHC, the Permanent Loan will be forgiven at the end of the applicable Affordability Period.

Construction Loan Closing Documentation

Eligible Borrowers will be required to execute a Conditional Commitment of LNRP Funds upon award of a Take-out Commitment that must be acknowledged by the Construction Lender. LHC approved financing documents (“**LNRP Loan Documents**”) must be executed at Closing. LNRP Loan Documents may include the form of a Lender’s Construction Note and Construction Mortgage and other LNRP Loan Documents being submitted for the Qualified Project. The form of the Louisiana Neighborhood Landlord Rental Program Regulatory Agreement (“**LNRP Regulatory Agreement**”) must be executed and recorded at the Closing of the Construction Loan. Lenders will be required to submit to the LHC (within five Business Days of Closing) a docket (“**Closing Docket**”) containing all LNRP Loan Documents, including Other Required Documents and Proceedings identified in a standard Index of Closing Documents (“**Closing Index**”) that the LHC will approve in advance of Closing. Similarly, an Applicant using non-borrowed funds to finance construction must submit to the LHC a Closing Docket and arrange to commence construction financing using Other Required Documents and Proceedings identified in the Closing Index that the LHC will approve in advance of Closing.

Solicitation of Participating Lenders

LHC will solicit Lenders for participation in the LNRP Initiative by requesting that such Lenders agree to use standard LNRP Loan Documents at each Closing. LNRP Loan Documents will be prepared and distributed in advance of the Application Period by the LHC. If Lenders do not choose to execute LHC Loan Documents, they are permitted to use their own loan documents. In no event should the lenders loan documents obligated the borrower to interest and costs not approved by LHC or include any prepayment penalty.

Lender Fees and Closing Costs

An Application must identify all Lender fees to be charged to an Eligible Borrower, including Lender Application Processing Fees, Lender Commitment Fees, Lender Closing Fees, Lender Legal Fees and Lender Construction Monitoring Fees. Costs associated with closing of the permanent loan are to be advanced from the Construction Loan, which includes any filing fees and lender policy of title insurance issued by Construction Lender closing agent. All Lender fees must be reasonable and are subject to review and approval by the LHC.

Property Eligibility Requirements

To be eligible under the LNRP Initiative, a property must be a residential rental property to be repaired, reconstructed or newly constructed and satisfy each of the following criteria:

1. Must be a residential rental structure with not-to-exceed 7 units. Properties with more than 7 units contained within a single structure are not eligible under the Program;
2. Must be site-built, modular or manufactured home;
3. Must be located in one of the Eligible Parishes; and must complete an environmental review.

No Choice Limiting Action Until Environmental Review

Applicant and its contractors are prohibited from undertaking or committing any funds or choice-limiting actions, including property acquisition, demolition, movement, rehabilitation, conversion, repair or construction, or leasing or disposition prior to the execution of the “Authority to Use Grant Funds” (HUD 7015.16) or equivalent letter, and that the violation of this provision may result in the denial of any LNRP Funds under this Agreement. Entering a contract obligating the borrower to any of these activities following an application to the program constitutes a choice limiting action.

Environmental Review

The timeline for an Environmental Assessment (“EA”) level (i.e., requiring a Phase I Report for new construction or rehabilitation) environmental process is 90-120 days from the receipt of a comprehensive environmental review record (“ERR”). The range of time required to completely review an ERR for a given property varies and is largely dependent upon how well the ERR submission is compiled. The stated condition of the property and recognized environmental conditions (“REC”) in vicinity of the project dictate follow-up necessities (i.e., 404 wetlands permits or Phase 2 reports) which further prolong the review process. There is no official HUD timeline for all of the steps of the environmental review process.

The only steps that have associated time constraints are the 8-step process (if applicable has 15 and 7 day notice periods), the FONSI/NOI public notice period prior to submitting the RROF (15-18 days), and the HUD review/comment period prior to the authorization to use grant funds (“AUGF”) which (15-18 days but more often than not) gets extended. Those three steps can take anywhere from 45-60 days if not longer. Please contact the LHC’s Environmental Impact and Labor Compliance Manager for further information on Environmental Reviews as follows:
