## A MESSAGE FROM THE EXECUTIVE DIRECTOR

#### Greetings,

I am privileged to present the Louisiana Housing Corporation (LHC)'s 2024 Annual Report. Throughout 2024, LHC underwent notable changes, including Governor Landry appointing a new Chairman of the Board of Directors and my hiring as the new Executive Director in December.

As Executive Director, I recognize the significance of our mission to ensure that every resident of Louisiana has access to safe, affordable, and energy-efficient housing. The 2024 Annual Report reflects LHC's substantial impact across the state, aiding new homeowners, generating essential rental housing, and securing accommodations for Louisiana's most vulnerable populations.

Under my leadership, we aim to establish LHC as the premier housing agency. We will challenge ourselves and our partners to enhance our service delivery. Key areas of focus for LHC in the coming year will include:

- Developing better cost control policies to maximize the impact of LHC's investments
- Enhancing access to LHC's resources for local municipalities, nonprofits, and for-profit partners
- Establishing new internal operating standards at LHC to improve overall effectiveness and efficiency

The Board of Directors has entrusted me with the responsibility of leading LHC towards greater financial strength and increased production. My priority is to refine our program management through improved reporting and oversight at all levels. This will equip my management team with the necessary tools to make informed decisions that benefit our communities.

This year, I will involve our partners, stakeholders, and clients in working groups aimed at positively transforming LHC's policies. We will seize this opportunity to thoroughly assess the performance of our programs. Additionally, we will collaborate with all federal and state agencies to align our efforts in providing housing and services. LHC will also build new relationships with local communities to deliver the housing solutions that best meet their needs.

As emphasized in this report, LHC is committed to providing resources that help citizens and communities address their housing challenges. Under my leadership, we will not only maintain our momentum but also elevate LHC to new and greater heights.

Best regards, Kevin Delahoussaye

#### LOUISIANA HOUSING CORPORATION BOARD OF DIRECTORS

The Louisiana Housing Corporation is governed by a board of 13 members composed of 8 members appointed by the Governor, two members appointed by the President of the Senate, and two members appointed by the Speaker of the House. The Board represents various housing sectors and the public.

#### BOARD CHAIRMAN VICE-CHAIRWOMAN

Stephen Dwyer

### LOUISIANA HOUSING CORPORATION EMPLOYMENT OVERVIEW

The dedicated team of professionals at the LHC addresses the ongoing challenges of fulfilling its mission by distributing federal and state funds to assist low to moderate-income individuals in realizes their housing homeownership dreams.

## **Structure of #TeamLHC**

#### Program

#### Departments

- Disaster Recovery
- Energy Assistance and Weatherization
- HOME
- Homelessness Solutions
- Homeownership
- Housing Development
- Rental Assistance

### Program Support Departments

- Asset Management
- Compliance and Construction Monitoring
- Environmental and Labor Compliance

### Agency Support Services Department

- Accounting
- Facilities Management
- Human Resources
- Internal Audit
- Legal Services
- Policy and Reporting
- Public Affairs
- Technology Services

### THE DREAM OF HOMEOWNERSHIP

The Louisiana Housing Corporation collaborates with homebuyers, lenders, realtors, and counselors to help make homeownership a reality for Louisiana residents. Through programs like Keys for Service, Mortgage Revenue Bond Home (MRB HOME), Foreclosure Prevention, and down payment assistance, we are committed to making homeownership accessible to all.

#### LHC Statistics

#### Homeownership Events Hosted

10 events included Think Tank meetings, introduction to credit seminars, the second annual Taste of Home as well as our annual Lender and Realtor Recognition Breakfast

## HOMEOWNER TESTIMONIAL

**Erica Metoyer** 

In Alexandria, Erica Metoyer runs her own craft business out of her beloved home. This is a home she purchased in 2009 through LHC's HOME Program.

"I was a widow, so it was just me and my two boys," said Erica. "We were in a low area of housing; we weren't in the best area. I saw the area, I rolled past it a few times, and it looked better than where we were."

Erica's home is in the Alsace Lorraine subdivision, a neighborhood filled with 20 single-family homes built to provide safe and affordable housing for low income families like Erica.

LHC worked with Rapides Station Community Ministries as a certified Community Housing Development Organization (CHDO) to develop the Alsace Subdivision.

CHDOs play an integral part in developing affordable housing in the communities they serve. LHC delegates HOME funds to these nonprofits and community-based service organizations to expand the agency's reach of serving Louisiana residents.

LHC funded \$3.2M through the HOME Program to help with mortgage reduction, down payment, and closing cost assistance. Through a combination of funding by private lenders and grants, homeowners in this subdivision were able to secure financing for their first mortgages.

Before moving into her dream home, Erica took LHC's first-time homeowner class which helps potential homebuyers navigate the challenges of homebuying and maintaining a home.

On May 20th, 2009 Erica's dream finally came true. "I sat down in a room full of people, and I signed the papers," Erica recalled. "I didn't need a co-signer. My mom was present, but I didn't need her. I closed on the house. That night I went home and told my boys we have our own home. We came and slept on the floor with a blanket, no furniture, no curtains, no nothing. We just slept on the floor and enjoyed each other and just being that we had our own three bedroom two bathroom home."

15 years later, Erica and most of the 19 other homeowners have maintained their homeownership—building their personal wealth to pass on to their future generations.

Looking back, Erica wants her sons and family to learn the true meaning of homeownership and the endless possibilities it can bring. "It was an experience, and I want them to also take this education with them of our process and our struggles. I want them to take that so that they will become homeowners as well."

Erica shares her story with LHC Public Information Officer Breanne Bizette.

## AND BUILDING PARTNERSHIPS

#### Homeownership Outreach Efforts

Erica Johnson is a first time homeowner thanks to LHC's HOME funds which helped build single family residences.

Housing dreams can become a reality through a variety of LHC homeownership programs and our partnerships with service and community developments. Each day this ongoing challenge is met by a dedicated staff of professionals who allocate federal and state funds to help low-tomoderate income citizens make their housing dreams a reality.

- 10 LHC Homeownership events
- 67 Homeownership Events facilitated
- +200 Homeownership Events attended.

#### **Connections and Celebrations**

Through LHC funding, we have helped multiple families and individuals find their dream home. From single-family homes to multifamily projects, LHC dedicates itself to serving Louisiana residents.

- 224 Social Media Posts for homeownership
- 9 Ribbon Cutting Events
- 6 Ground breakings

Please refer to Appendix B to see a comprehensive list of LHC's Homebuyer Program Participating Lenders with active production in 2024.

#### Louisiana Building Science (LABS) Center

LHC's Louisiana Building Science (LABS) Center features hands-on learning labs and weatherization courses at its state-of-the-art training center. Through these training courses, LHC LABS Center trains the professionals to assist homeowners that struggle with weatherization and energy-efficiency.

- 23 LABS Workshops held
- 81 training participants

LHC helps produce affordable housing that maintain energy-efficient qualities that expand a home's life span. LHC's state of the art training center has 120 hours of training courses and hands-on lessons to deliver the scope of weatherization services in Louisiana.

## MEET A LENDER HOMEOWNERSHIP PARTNER WITH LHC

Meet Courtney Peveto. She has been working as a loan officer with NOLA Lending for the past seven years helping first time home buyers find their dream home while utilizing LHC programs.

"My first LHC client came to me specifically looking for a LHC product," said Courtney. "At the time I was completely brand new, and I was learning how to navigate through different programs in general, including any first-time home buyer programs. They were specifically interested in the Mortgage Revenue Bond (MRB) Program. At the time, on top of me being brand new in the business, the MRB Program back then was 100% brand new as well. It was so brand new that the loan was the first MRB loan for NOLA Lending, and it was also the first MRB loan to ever go through Louisiana Housing Corporation."

Through Courtney's dedication, she not only has the touched the lives of many LHC clients, but she assisted in improvements to LHC programs to help more potential homeowners.

Courtney assisted a long-time Louisiana teacher to become a homeowner through the LHC Keys for Service Program. At first, her client did not originally qualify because she did not have a teaching certificate.

"Long story short, after discussing the dilemma with a few different LHC representatives, they actually listened to my concerns and addressed the hurdles encountered for that client at the time.

Courtney Peveto NOLA Lending

Ultimately they adjusted the guidelines for that program to allow for more potential buyers across the board to qualify."

Courtney's passion and persistence helped LHC evaluate on how to make the program better and assist more future homebuyers across Louisiana. "The Louisiana Housing Corporation and NOLA Lending, we work hand-in-hand, and it's really nice to see that they care just as much as I do personally for any client that could potentially qualify."

NOLA Lending Loan Officer, Courtney Peveto, receives the LHC award as a 2023 Top Homeownership Loan Officer in March 2024.

## Homeowners & Renters Assistance

In addition to homeowners, LHC worked with existing renters through programs like the Energy Assistance and Weatherization Assistance Programs, Performance Based Contract Administration, and Lead Base Paint Hazard Control Program.

#### Weatherization & Energy Assistance Program

- 596 Homes Weatherized
- 96,838 Recipients Received Energy Assistance
- \$51,455,057 Energy Assistance Provided

Household energy bills should not be a cost burden. The Energy Assistance and Weatherization Assistance Programs are designed to assist low-income individuals and their homes to keep energy usage and cost down.

#### Performance Based Contract Administration (PBCA)

LHC contracts with the Department of Housing and Urban Development (HUD) to oversee Section 8 Project Based Properties. LHC monitors compliance with Section 8 project owners in their obligation to provide decent, safe and sanitary housing to assisted residents.

- 181 PBCA contracts
- 15,499 PBCA Units
- \$126,515,550 Paid to Owners

LHC partnered with the City of Monroe through the LBP Hazard Control Program.

#### Lead Base Paint (LBP) Hazard Control Program

The Lead Base Paint Hazard Control Program identifies, assess, and mitigates potential hazards in the home to ensure the safety and health of children and families by implementing controls and safety measures in compliance with regulatory standards. In 2024, LHC completed the removal of lead hazards through encapsulation or abatement for 5 homes.

\*\*LBP Hazard Control Program ended in June 2024.

LHC and the Louisiana Bar Foundation (LBF) partnered together to create a program for Louisiana residents facing homeownership affordability challenges.

> 94 households took advantage of the Foreclosure Prevention Program

> > 46 HARP Awards

57 Appliances

\$45,574 Expended for Awardees

The Home Appliance Replacement Program (HARP), assisted households with new energy-efficient appliances including refrigerators, stoves, washers, and dryers. 15

# Increasing Housing Stock

The Low-Income Housing Tax Credits (LIHTC) Program is a tax incentive to increase the availability of low-income rental housing. This indirect federal subsidy is used to finance construction and rehabilitation of rental housing for low-income individuals.

Please refer to Appendix A to see a comprehensive list of LHC's pending LIHTC projects that are not completed yet or still under construction.

In 2024, LHC funded \$54,543,148 of low-income rental units through the Low-Income Housing Tax Credit Program. The multifamily units provide safe and affordable housing for residents of Louisiana, while also creating public and private partnerships allowing LHC to invest in communities.

## HOME and National Housing Trust Fund Programs

In 2024, LHC awarded \$5,381,696 through the HOME program and \$2,000,000 through the National Housing Trust Fund Program (NHTF). Several certified Community Housing Development Organizations (CHDOs) received HOME funding for projects throughout the state.

Project Name	Organization Name	Project Parish	Total LHC HOME Award	Total LHC NHTF Award
Tammany Hills Scattered Site Project	Habitat for Humanity St. Tammany West	St. Tammany Parish	\$600,000.00	N/A
Dillon Homeownership Project Parish II	Inner-City Revitalization Corp.	Rapides Parish	\$600,000.00	N/A
Homebuyers Save Bogalusa	Bogalusa Rebirth	Washington Parish	\$1,000,000.00	N/A
Field Street	Louisiana Housing Lab	Iberia Parish	\$931,696.00	N/A
Dillon Homeownership Project Parish II (1.2)	Inner-City Revitalization Corp.	Rapides Parish	\$600,000.00	N/A
Old Forest 1	Bread of Life Community Development Corp.	Allen Parish	\$850,000.00	N/A
Hollywood Heights	Hollywood Heights, LLC	East Baton Rouge Parish	\$400,000.00	N/A
Hollywood Acres	Hollywood Acres, LLC	East Baton Rouge Parish	\$400,000.00	N/A
SBP Parkwood Place	SBP Parkwood Place, LLC	Terrebonne Parish	N/A	\$2,000,000.00

Please refer to Appendix C to see a comprehensive list of LHC's certified CHDOs.

LHC's Homeownership Department tours the construction site of one of Bogalusa Rebirth's low-income housing

## Disaster Recovery & Planning

The LHC administers state and federal funds for programs that assist residents impacted by natural disasters to find safe housing.

LHC awarded \$13,783,518 of Community Development Block Grant (CDBG) funds from the PRIME-2 NOFA for The Reserve at Power Place in Lake Charles, Louisiana.

"We salute our funding partners, the Louisiana Housing Corporation, and Cedar Rapids National Bank for their support of these two new Lake Charles apartment communities, The Reserve at Power Place and Morningside at Gerstner Place," said Thomas C. Delahaye, President and CEO, CST Multifamily Real Estate Services.

#### PRIME 2

LHC awarded \$333,355,945 to support the development of 2,810 units. This program was specifically designed to develop resilient multifamily properties in areas greatly impacted by Hurricanes Laura, Delta, and Zeta. \*\*PRIME 2 was awarded in 2023 & 2024 with closings primarily in 2024.

#### PRIME 3

The objective of PRIME 3 is to support developments which feature substantial disaster-resilience characteristics. PRIME 3 would go to areas affected by Hurricanes Laura, Delta, and Ida. LHC awarded \$224,159,035 for a total of 2,387 units.

#### Middle Market Loan Program (MMLP)

Through LHC's partnership with the Louisiana Office of Community Development -Disaster Recovery, LHC funded \$47,655,129 to create 288 units. The funds were made available to projects located in HUD-determined and distressed parishes affected by Hurricanes Laura, Delta, and Ida.

#### The Rural Rental Rehab Program (TRRRP)

The Rural Rental Rehab Program provided funding for the rehabilitation of rural, multifamily, and affordable rental housing. The objective was to ensure the long-term viability of rental units. LHC awarded \$10,614,264 rehabilitating a total of 236 units.

#### Neighborhood Landlord Rental Program (NLRP)

Through this program, LHC provided eligible landlord applicants experienced in renting residential properties to tenants or develop infill residential housing in areas affected by the 2016 Floods.

	NLRP I-III Awards									
Properties Units Awards										
Loan Closings	23	45	\$6,899,999.60							
Completed & Funded	10	22	\$3,004,882.34							
Confirmed Completion, but not yet funded	8	19	\$2,100,000.00							

#### **Rental Restoration and Development Program (RRDP)**

LHC provided \$32 million in funding through a Community Development Block Grant Disaster Recovery Notice of Funding Availability. The program assisted eligible borrowers to repair, reconstruct, or build new affordable residential rental housing units in areas affected by Hurricanes Laura, Delta, Ida, and/or the May 2021 Floods as specified by the U.S. Department of Housing and Urban Development.

	RRDP Awards									
	Properties	Units	Awards							
Conditional Awards Issued	98	145	\$15,137,741							
Environmental Clearances Received	76	119	\$13,439,975							
Loan Closings	3	3	\$288,100.00							

#### Louisiana Disaster Housing Task Force

LHC works with the Louisiana Disaster Housing Task Force (LDHTF) alongside the Federal Emergency Management Agency, Louisiana Governor's Office of Homeland Security, and the Louisiana Office of Community Development.

#### Successes in 2024:

- Updated the Louisiana Disaster Housing Strategy with LDHTF.
- Worked with LDHTF on the Laura/Delta/Ida non-congregate sheltering to assist with the de-population efforts.
  - Notices were sent out to over 18,500 people for property owners and landlords to list available housing units on the LaHousingSearch.org website.
  - LaHousingSearch.org staff sent e-blasts to landlords and conducted targeted outreach calls to identify more available rental housing units.
  - LaHousingSearch.org provided monthly reports of available rental housing units.
  - Rapid Rehousing Program was implemented to provide rental assistance for survivors.
- Hurricane Francine efforts included a working partnership with LDHTF for emergency preparation. LHC conducted outreach and surveyed damaged housing units in coordination with the Office of Community Development.
- LHC received an invitation from HUD to participate in the second phase of the HUD/FEMA Pre-Disaster Housing Initiative Summit to speak on behalf of the State of Louisiana.

## Maintaining and Monitoring Housing Stock

LHC's monitoring teams assess properties financed with housing tax credits, HOME funds, and other funding sources. These teams strive towards long-term preservation of affordable housing and monitor to ensure that federal law and LHC requirements are followed.

#### **Financial Monitoring**

LHC monitors compliance with reporting requirements, regulatory compliance, payment obligations, and ensuring the payment of loans. Owners and developers are required to comply with annual reporting requirements as outlined in governing documents.

#### Physical and Construction Monitoring

LHC's Compliance Team performs a periodic assessment of each property in the areas of management, physical property condition, and financial viability. This assessment also determines the level of performance of the property based on information received, including financials and site/unit observations, inspections, and when applicable, reviews by HUD.

#### **Environmental Monitoring**

LHC reviews developments and potential environmental impacts to determine whether the projects meet federal, state, and local environment standards.

## Rental Assistance

The LHC directs renters and prospective renters to the following programs and resources.

These programs offer decent, safe, affordable, community-based housing that provide tenants with the rights of tenancy and connections to voluntary and flexible support and services for people with very low incomes and chronic, disabling health challenges.

Project-Based **1,414** Vouchers

> 212 Tenant-Based Vouchers

#### Housing Choice Voucher (HCV) Program

The HCV program is the primary federal initiative to assist families with extremely low and very low incomes. This program is administered by the Louisiana Housing Authority (LHA) and is supported by federal funds from the U.S. Department of Housing and Urban Development (HUD). The program supports individuals transitioning to Permanent Supportive Housing (PSH) and maintaining long-term tenancies. Individuals must demonstrate very low-income status, have a severe and enduring disability, and require supportive services to maintain their housing stability.

 Veterans Assistance Supportive Housing Program (VASH)

- Emergency Housing Voucher Program (EHV)
- Non-Elderly Disabled Voucher Program (NED)

## FACING HOMELESSNESS CHALLENGES

In keeping with its mission to ensure that every Louisiana resident can obtain safe, affordable, and energy-efficient housing, the LHC offers several solutions to people at risk of or experiencing homelessness. Housing and supportive services for people experiencing homelessness are available statewide through Coordinated Entry Access Points where people experiencing sheltered and unsheltered homelessness are engaged and linked to mainstream resources and benefits, housing, and medical and behavioral health services.

## FACING HOMELESSNESS CHALLENGES

LHC, both as the statewide coordinator of housing and homeless services and as the Collaborative Applicant of the Louisiana Balance of State Continuum of Care (BOSCOC), has spearheaded the state's development and implementation of its strategy to end homelessness. This hard work is evidenced by the successful launch of the Louisiana Interagency Council on Homelessness (LAICH) in late 2024, development of new Emergency Shelter resources, and establishment of a statewide SSI/SSDI Outreach, Access, and Recovery (SOAR) program that connects people with disabilities in rural areas with assistance in applying for benefits.

#### **Program Updates**

CoC Program funding for housing and homeless services in 22 parishes

Rapid

Rehousing

97 People

American Rescue Plan LHC awarded funding for three different non-congregate shelters located in Hammond, Baton Rouge, and Monroe.

#### Permanent Supportive Housing

HUD awarded LHC over \$14M in CoC Program funding to provide housing services for 1,069 disabled households who were formerly experiencing homelessness.

Safe Haven

2 Safe Havens came online providing additional shelter beds in Shreveport and Lafayette.

#### SOAR

58 Units

LHC's innovative new SOAR partnership with LDH places SOAR-trained case managers in every region of the state, ensuring that people with disabilities experiencing homelessness in our most rural parishes have access to assistance in securing income to help them on their path to stable housing. From July-December 2024 alone, SOAR case managers served 230 people.

## LOUISIANA HOUSING CONFERENCE

## BUILDING THRIVING COMMUNITIES: THE NEXUS OF HOUSING, ECONOMIC DEVELOPMENT, AND HEALTHCARE

LHC hosted the 2024 Louisiana Housing Conference in Baton Rouge, Louisiana. This event featured expert, mission-driven speakers and sessions that focused on housing strategies and solutions that may increase economic development, expand homeownership opportunities, reduce homelessness, enhance resilient building practices, and broaden disaster recovery housing efforts.
