

PUBLIC NOTICE

AVAILABILITY OF PROPOSED FY 2022 CONSOLIDATED ANNUAL ACTION PLAN

As set forth in 24 CFR Part 91, the U.S. Department of Housing and Urban Development (HUD) requires state agencies which administer certain HUD programs to incorporate their planning and application requirements into one master plan called the Consolidated Plan. In Louisiana, the three state agencies participating in this consolidated planning process and the HUD funded program(s) administered by each agency include the Division of Administration/Office of Community Development (CDBG), the Louisiana Housing Corporation (HOME Investment Partnerships Program, National Housing Trust Fund, and Emergency Solutions Grants Program), and the Louisiana Department of Health, Office of Public Health, STD/HIV/Hepatitis Program (Housing Opportunities for Persons with AIDS Program).

A consolidated plan was prepared in 2020 which outlined the State's overall housing and community development needs and a strategy for meeting those needs for federal fiscal years 2020-2024 and included a one-year action plan for the distribution of FY 2022 federal funds received under the aforementioned HUD programs. An annual update or action plan for the distribution of funds must be prepared and publicized for each of the subsequent four program years.

The proposed FY 2022 Consolidated Annual Action Plan which identifies the proposed method of distribution of FY 2022 funds under the HUD programs will be available for review beginning June 2, 2022, at <https://www.doa.la.gov/doa/ocd-lga/lcdbg-programs/lcdbg-plans-and-reports/2020-2024/> and at the Office of Community Development, Claiborne Building, Suite 3-150, 1201 North Third Street in Baton Rouge. Copies of the document will also be available for review at the Louisiana Housing Corporation at 2415 Quail Drive in Baton Rouge, and at the Department of Health and Hospitals, Office of Public Health, STD/HIV Program at 1450 Poydras Street, Suite 2136, in New Orleans. Due to COVID-19 and additional restrictions to these facilities being enforced, interested parties are encouraged to view the document on the website above.

A limited number of copies of the proposed plan will be available for distribution and may be requested in writing or by telephone from any of the three agencies participating in the consolidated planning process.

The following presents a summary of the proposed FY 2022 Consolidated Annual Action Plan.

The State has been allocated \$22,879,467 in FY 2022 Community Development Block Grant (CDBG) funds. The Office of Community Development is proposing to establish the following program areas for the distribution of these funds: (1) Public Facilities – approximately \$17.4 million will be allocated for water and wastewater systems, and residential streets; (2) Economic Development - \$3 million will be allocated to provide grants to local governments for infrastructure improvements which will facilitate the location of a particular business; (3) Demonstrated Needs - \$1.2 million will be set aside to alleviate critical/urgent needs involving

improvements to existing water, wastewater, and gas systems and other community needs; (4) Sustainable Water Management Consolidation - \$400,000 will be set aside to provide local governments with funding in order to develop viable, fundable water projects consisting of consolidation of non-profit municipal water systems throughout the state of Louisiana. In accordance with HUD guidelines, the remainder of the LCDBG funds will be utilized for the State's cost of providing program administration and technical assistance services. An additional \$950,460 has been awarded under the Support Act. These funds will be used to support transitional housing for persons with substance abuse disorders in identified areas of greatest need in conjunction with the Office of Addiction Disorders. The Support Act allows the State to utilize up to five percent of these grant funds for administrative costs.

The Louisiana Housing Corporation (LHC), the administrator of the State's HOME Program, has been allocated \$12,068,272 in FY 2022 funds. HOME funds are used to provide flexible, below-market-rate loans to projects that create or preserve affordable housing for lower-income households. Eligible activity types include homeownership development, homebuyer assistance, rental development (acquisition and / or rehabilitation and new construction), homeowner rehabilitation and rental assistance. Funds are distributed statewide.

The Louisiana Housing Corporation (LHC), the administrator of the State's National Housing Trust Fund Program, has been allocated \$8,901,548 in FY 2022 funds. The intent of the National Housing Trust Fund is to increase and preserve the supply of decent, safe, sanitary, and affordable housing, primarily rental housing, for extremely low-income and very low-income households. Funds are distributed statewide.

The State's federal allocation for the FY 2022 Emergency Solutions Grants Program (ESGP) is \$2,581,602. ESG funds may be used for six program activities, each program can determine the amount of funding for the allowable categories based on the needs of the community. The eligible program components are as follows: A. street outreach, B. emergency shelter, C. homelessness prevention, D. rapid re-housing assistance, E. Homeless Management Information System (HMIS), and F. administrative activities. Per 24 CFR 576.100(b), the total amount of an applicant's budget for street outreach and essential services cannot exceed 60% of its total requested amount. Within a collaborative application, the 60% limit applies to the entire application and not to each partner within the collaborative application. All applicants are required to set aside a minimum 40% for their awards for either homeless prevention or rapid re-housing activities.

The Louisiana Department of Health (LDH), Office of Public Health (OPH), STD/HIV/Hepatitis Program expects to receive approximately \$3,138,052 for FY 2022 Housing Opportunities for Persons with AIDS (HOPWA). Although some percentages may vary based on the changing needs of persons living with HIV and the availability of complimentary resources in each geographic service area, generally 67% of the annual State Formula HOPWA award is allocated to community-based organizations that provide Tenant-Based Rental Assistance (TBRA), Short-Term Rent/Mortgage/Utility Assistance (STRMU), Resource Identification (RI), and Permanent Housing Placement Services (PHPS). The allocations to TBRA and STRMU typically make up the majority of those awards. An additional 30% of the annual award is allocated to support the operating costs of four community residences for low-income persons living with HIV, while 3% is dedicated LDH to cover all of the Administrative Costs associated with this grant award.

Written comments on the proposed consolidated annual action plan may be submitted beginning **June 2, 2022, and must be received no later than July 5, 2022**. Comments may be mailed to the Office of Community Development, Post Office Box 94095, Baton Rouge, LA 70804-9095, sent via facsimile to 225-342-1947, or emailed to heather.paul@la.gov.
